

EMERGENCY NAVIGATION CLOSURE NOTICE

Section 15 Anglian Water Authority Act 1977

RIVER NENE

DATE: 8th September 2020 at 0800 - 1200

LOCATION: Between Lilford & Upper Barnwell Locks

DETAILS:

Owing to urgent tree removal works being carried out using cables deployed across the watercourse, all navigation between Upper Barnwell Lock & Lilford Lock will be temporarily suspended to ensure the safety of both navigating vessels and our contractors.

During the stated times please do not attempt to pass Upper Barnwell or Lilford Locks. Hold your position at these locks and alert our River Inspector Ian Cook of your presence there on 07920087741.

You will be contacted once all cables and equipment have been cleared of the watercourse and you are able to proceed.

However, vessels heading upstream from Upper Barnwell Lock and not intending to pass past Lilford marina, may continue to their destination.

We apologise for any inconvenience caused and be assured, any delay, will be kept to an absolute minimum.

Irven Forbes
Waterways Manager

4th September 2020

You can also contact us at the Environment Agency on 03708 506 506 between 9am and 5pm, Monday to Friday and ask for the Waterways Team in the Lincolnshire & Northamptonshire Area.
