

NAVIGATION ADVISORY NOTICE

RIVER NENE

DATE: 16 March 2021 – Until further notice

LOCATION: River Nene – All locations

DETAILS:

Following the recent flooding, the current period of Strong Stream advice and due to Coronavirus restrictions, the Environment Agency team have not been able to patrol the River to look for shoals in the river system or fallen trees in the navigation for some time.

We are aware of possible shoaling issues near Alwalton, Perio, Orton and Wansford Locks, however, there may be shoals in other areas of the River and/or trees etc within the navigation. Therefore, please proceed with caution when using the River and be careful on approach to Locks.

Once levels return to normal the Environment Agency team will be on the River and able to advise of any issues affecting the navigation. In the meantime should you see any issues such as shoals or fallen trees please contact the Environment Agency on 03708 506506 between 9am and 5pm Monday to Friday and ask for the Waterways team in the Lincolnshire & Northamptonshire Area.
